Call for Papers

TRENCHLESS WORLD CONGRESS
Medellin, Colombia

[TITLE OF PAPER]

Author(s) Name

[An 80-word biography of the presenter with a head-and-shoulders photo to each author]

Abstracts

[Abstracts submitted on any topic relevant to Trenchless Technology including new installations, rehabilitation, replacement, inspection, and assessment of all underground utilities.
To ensure publication quality and uniformity, the following requirements have been prepared to assist authors in preparing papers for the Conference.

- A 200 words maximum abstract (in English) outlining the scope of their paper.
- Figures, tables, diagrams and illustrations forming part of your abstract.
- References in alphabetical order.
- The page number should appear centred as a footer.]

Conditions:

All abstracts and full papers will be publish for distribution to delegates at the conference and may subsequently be publish separately.

Authors will be required to assign copyright to the ISTT and CISTT.
